

SureGrip - Diamond

SureGrip - Diamond is an interlocking non-slip tile system with a moulded cellular structure designed to provide outstanding comfort and durability. Resistant to most chemicals and solvents, SureGrip - Diamond also offers total protection to existing floors by reducing damage caused by impact, abrasion, and vibration. For use both indoors and outside, wet and dry environments, the tiles are suitable for fork trucks, pallet trucks, stillages and heavy loads as well as for wheelchairs, pushchairs, and trolleys. The tiles are easy and quick to assemble due to their unique interlocking join. With an overall height of 14mm, bevel edges are needed to create the ramped edge.
